TRACE HISTORY

Promptly at 2:30 p.m., John Sandoval's dramatic pageant will be presented in a matinee performance. The pageant, in eight scenes, portrays the founding of the mission in 1797, through Indian uprisings and the coming of the Yankees to the time when Major John Fremont's forces with Kit Carson as scout, lowered the Mexican flag and raised the Stars and Stripes in 1846, through the founding of Alameda County in 1853, and closing with the Centennial celebration of Mission San Jose in June of 1897.

The pageant is being directed by Everett Glass and features a cast of citizens of Washington Township and Hayward, supported by hundreds of fellow residents and school children.

Friday evening the Grand Ball will be staged at 9 o'clock with Miss Rose Mary Telles of Mission San Jose to be crowned queen of the celebration. She will have as her attendants the queen from each of the eight communities of the township.

BIG PARADE PROMISED

The festivities reopen Saturday at 10:30 a.m. with a parade, which is undoubtedly the largest of its kind ever staged in Washington Township. Parade Chairman Walter Connolly and Parade Marshal Chester Stanley have revealed that

WOMAN COMMITS SUICIDE IN DECOTO

Mrs. Mary Johnson, 71, formerly of San Francisco and a native of Sweden, residing at the Masonic Home in Decoto, died early Wednesday morning after leaping from a fourth-story sun1deck between the hours of 3 and 4 a.m.

Her body was discovered at 4:50 a.m. by an engineer at the home.

Mrs. Johnson, who was said by officials at the home to be despondent, had been residing there for 5 years.

Deputy Sheriffs investigating the case Wednesday termed the death suicide.

Funeral services will be held today (Friday) from the Sorensen funeral parlors in Hayward.

PLEADS GUILTY TO AUTOMOBILE THEFT

Lowell Brown, Newark, pleaded guilty to taking the car of Roy Secada, also of Newark, without the owner's consent, and was certified to the Superior Court for sentence when he appeared before Judge E. A. Quaresma in Centerville Justice Court last Friday.

A second count of grand theft was dismissed by Judge Quaresma at the request of Deputy District Attorney Frank Crews.

ACCIDENT VICTIMS REPORTED IMPROVING

The condition of Eugene Mendes and Joe Neves, both of Newark, who are in Fairmont Hospital as the result of an automobile collision last week, is reported to be slightly improved.

Both youths received critical injuries in the crash near Hayward which claimed the life of Jack Antone Stadler, also of Newark.

WILL ERECT NEW MANUFACTURING PLANT AT NEWARK

Announcement was made this week that construction on a new manufacturing plant in Newark will begin within the next two weeks.

W. L. Mackey, San Francisco manufacturer of paper tape used in finishing plaster board, revealed that he has purchased an eight-acre tract in Newark on the south side of Birch Road between Bane and Central Avenues, and will erect a 40 by 100 foot quonset building on the site.

Mackey stated that the real estate transaction was completed by Charles Wauhab of Centerville and gave credit to the unit coming to Newark to James Collins. The building contract has been awarded to McClary & Davis of Oakland; plumbing contract to George Coit, Centerville; and the electrical contract to Newark Electric.

A staff of 25 employees is expected to be at work in the new plant by the middle of July with a probable 50 by the end of August.

"I will bring some of my key men from San Francisco here but will utilize and train local men for the majority of the positions," Mackey stated.

He has operated a similar plant in San Francisco for a number of years. Mackey already has plans for planting trees and shrubbery around the plant to beautify the entire eight acres.

MISSION SAN JOSE HAS DIAL PHONES

The new dial telephone system for Mission San Jose went into operation Tuesday replacing the antiquated switchboard which has been operated there for the past 20 years by Mrs. Helen Semas.

The old-time switchboard which was retired yesterday was brought to the mission from the Livermore Hospital 20 years ago and is believed to have been the oldest of its kind in actual operation in the state.

The switchboard was presented to Mrs. Semas by the telephone company and she in turn will present it to the mission to be added to the historical collection at Mission San Jose de Guadalupe.

.47 OF AN INCH RAINFALL HERE

A period of nearly two months without any rainfall in this area was snapped Monday evening when .47 of an inch of precipitation was recorded in the rain gauge at the Southern Pacific depot in Niles.

According to Manuel Swartz, keeper of the gauge, Monday's rainfall was the first to be recorded here since April 9. He reported that total rainfall for the year, since July 1, 1946, is now 12.41 inches.

Monday evening's rain came in the form of a light drizzle and is not believed to have done much damage to the cherries and berries which are now at the picking stage.

FREE X-RAYS TO BE GIVEN HERE NEXT WEEK

Free chest x-rays will be offered to residents of Southern Alameda county when a mobile x-ray unit moves into Irvington and is parked at the grammar school, Monday, June 2. The unit will be at the post office, Newark, Tuesday, June 3; at the post office in Centerville, Wednesday, June 4; at the theater in Niles, Thursday, June 5; and in the school yard in Decoto, Friday, June 6. In each town the service will be offered daily from 3 to 8 p.m.

According to Richard Head, executive secretary of the Alameda County Tuberculosis and Health Association, doctors advise every adult to have a chest x-ray at least once every two years, as it is the best way to find TB. X-raying takes less than a minute and it is not necessary to undress, Head said.

The x-ray survey is being sponsored by the Alameda County Tuberculosis and Health Association, the Alameda County Health Department, the Southern Branch of the Alameda County Medical Association and citizens in the different communities. It is supported by the annual sale of tuberculosis Christmas Seals.

The following is a list of the persons in Washington Township who have in some way or other offered to help in the Tuberculosis X-ray Survey:

CENTERVILLE

Schools: J. V. Goold, Mr. Maloney, Mrs. Rodrigues, president of the Centerville P.T.A., in charge of volunteers who will register those persons to be x-rayed.

Churches: Rev. Arthur Freeman, Episcopal, and Father O'Kane, Catholic, who will urge congregations to have their chests x-rayed.

Center Theater: Mr. French will show educational films during the time of the survey.

Miss Frances Salel and Mrs. Edna Ebright, public health nurses for Washington Township, are referring people to the x-ray machine for their chest x-rays.

Mr. and Mrs. Philip Sousa are helping in the distribution of literature and are publicizing the survey as extensively as possible. The Boy Scouts in the area are helping in the same capacity.

PLANE CRASH AT DECOTO SENDS TWO MEN TO HOSPITAL

Decoto, scene of the crash of the Western Pacific Feather River Express last week, came in for more excitement this week-end when a plane piloted by Peter R. Jensen, 30, San Lorenzo, crashed in a field near Whipple Road, seriously injuring him and a passenger, Clayton Perry Nelson, 17, navy electronic mate third class.

The accident occurred late Sunday afternoon when the two-seater low wing monoplane in which the two men were taking a pleasure flight, suddenly dipped a wing while coming in for a landing and crashed on its back.

Richard F. Harrell, Berkeley, a witness to the crash, said he saw the plane circle the improvised landing strip on the Cadman Ranch before it crashed. Harrell and several other witnesses pulled the injured men from the wrecked plane.

Both men were taken to Fairmont Hospital and later transferred to Oakland Naval Hospital. Jansen suffered a head injury, fracture of the right arm, multiple abrasions and shock. Nelson received first and second degree burns of the right arm, shoulder and back, head injury, and multiple lacerations about the arms and legs.

FUNDS STILL NEEDED FOR STADIUM LIGHTS

Committeemen and salesmen working on the sale of scrip for the installation of lights at the Washington Union High School football stadium reported this week that the fund continued to increase with the assistance of numerous organizations.

Latest organization to boost the fund is the United Steel Workers of America, Local No. 3367, Niles, which contributed $300 this week.

Joe Adams, chairman of the campaign, has asked that all workers report their sales to him so a closer check can be made on the total amount raised to date. He revealed that no meeting of the stadium executive committee and salesmen has been called for this week because of the celebration at Mission San Jose.

"There are still many people waiting to be contacted by one of the salesmen," Adams stated. "We urge everyone that has not contributed to this worthy cause to voluntarily call either the officers of any of the organizations in the township or stop in at any bank where the scrip is kept for sale.

At the last report more than one-third of the total of $14,000 needed had been raised. The committee hopes to close the campaign in time to award contracts and have the lights installed for the opening of the 1947 football season.

OAKLAND MEN VISIT CHAMBER

Three staff members of the Oakland Chamber of Commerce were guests Tuesday noon of the Niles Chamber of Commerce at the regular Chamber luncheon at the International Kitchen.

They were: Howard Sipe, convention and tourist manager of the Oakland Chamber; Robert Syman, publicity director; and David Silverman, who heads the domestic trade department. The three were in Washington Township to assist the Mission Sesquicentennial committee with publicity.

HOME BURGLARIZED

The home of William H. Bales, R.F.D., Newark, was entered by thieves Sunday while the family was away, it was reported this week to deputy sheriffs. Entrance was gained through a kitchen window. The work was believed done by youngsters. The only things discovered missing were numerous items of food.

JOHN HEGER AGAIN INJURED BY AUTO

John Heger, part-time employee at De Guadalupe Mission at Mission San Jose, was struck by an automobile while crossing the highway in front of the mission Sunday evening.

It was at first believed that he was not seriously injured but early Monday morning his condition grew worse and he was taken to San Jose Hospital.

Heger was struck by a passing car last Christmas Eve while crossing the highway in the same location and was hospitalized for several weeks.

SEEKS $150,000 IN INJURY SUIT

A suit for $150,000 has been filed against Fred H. Goossen and the Hidden Valley Dude Ranch at Warm Springs in the Santa Clara Superior Court in San Jose by Clarence Downey of Hayward, it was learned this week.

James Boccardo, attorney for Downey, stated that his client, employed as a bartender at the ranch, suffered permanent paralysis of the lower part of his body when a stallion horse he was riding allegedly attacked him, biting him upon the face and kicking him.

He stated that his client, in addition to the permanent paralysis, is said to have suffered partial paralysis of the upper body and will be confined to the San Jose Hospital for six or eight months.

Downey and his wife were hunting mountain lions on the ranch and had dismounted to close a gate, when the horse is said to have attacked him.

RADIO SHOW AT HIDDEN VALLEY DRAWS BIG CROWD

As a gala prelude to the official opening of the Sesquicentennial, one of the National Broadcasting Company's top shows, "Woman's Magazine of the Air," broadcast a full half hour of fun and festivities at Hidden Valley Ranch at Warm Springs Wednesday morning.

Scores of localites, most of them connected in one way or another with the celebration, were on hand to welcome Jane Lee, radio personality, who conducted the show.

Prior to the broadcast, breakfast was served in the dining room of the Ranch, after which the show got under way.

Among those who were interviewed by Jane Lee and her announcer were Mrs. Ann Mayock, who is in charge of the pageant; Everett Glass, pageant director; John Sandoval, pageant author; Tom Cunha, Walter Connolly, Ed Rose, Queen Rosemary Telles, Mrs. Sloan, Father Renault, Ed Zack, Fred Goossen, Dorothy Alberts, Andy Hynes, Miss Galleagos and Mrs. Leslie Hiller.

LOCAL RETAILERS STUDY METHODS TO BOOST TRADE

"During the year we will probably find that, like a rubber band, business can stretch both ways at the same time. For some, business may be up; for others, down. But whichever way its goes, the need is evident for making adequate preparations."

Earl Keiselhorst of the State Department of Education, made this statement last Friday evening at a meeting of Washington Township business men at the International Kitchen on the occasion of the opening of the Retail Management Conference under the auspices of the adult education department of Washington Union High School. The meeting was attended by 32 township business men.

SHOPPING CENTER

The program, which will include four additional meetings at the high school, is designed to bolster Washington Township as a trading center.

"Any trading center," said Keiselhorst, "whose merchants are getting less than 50 per cent of the potential business that exists in the community is a failure. It is out of business on many lines that would provide profitable employment to many local citizens.

"It has been my business to study trading centers for the purpose of locating retail stores, and invariably I have found that the poorest merchant morale is to be found in trading centers that are losing most of their profitable business to competitive trading centers. The local merchants fight each other for crumbs, while the nice, juicy slices of business are being gobbled up by others."

LOCAL PROBLEMS

In an open discussion following Keiselhorst's address, the follow-

MISSION SESQUI

(Continued from page 1)

more than 50 floats from the majority of communities and organizations in the bay area will be seen in the elaborate spectacle.

Also marching in the parade will be bands and drum corps, mounted horsemen and posses, color bearers, veterans of World War I and II, and high ranking county and state officials.

At 2 p.m. a real western rodeo will be staged by Fred Goossen at his Hidden Valley Dude Ranch, three miles west of the mission. Goossen stated this week that he has brought in some of the best cow punchers in the business and the stock he has acquired for them to ride should provide a real afternoon of thrills and spills.

The first evening performance of the pageant will be presented Saturday at 8 o'clock. At the close of the pageant, at approximately 10 p.m., there will be dancing on the specially constructed 100 by 100 foot dance floor.

SOLEMN HIGH MASS

Archbishop John J. Mitty will preside at a solemn high mass to be held at the pageant amphitheater at 11 a.m. Sunday. Chaplains to the Archbishop will be Father John Leal and Father Raymond Copeland. Assistant priest will be The Very Reverend Francis Rock, president of St. Joseph's Preparatory Seminary. Celebrant of the mass will be The Very Reverend Father Gregory, Provincial of the Franciscans. Deacon will be Rev. Thomas O'Kane; sub-deacon, Rev. Walter Fleming; and preacher, Rev. Augustine Hobrecht, vice-provincial of Franciscans. Rev. Joseph Renault will be master of ceremonies. The choir will be composed of the 170 voices of juior seminarians of St. Patrick's Seminary, Menlo Park.

CLOSES SUNDAY

A four and one-half hour exhibition of folk dancing will begin at 1 p.m. staged by San Leandro Folk Dancers, Berkeley Folk Dancers, University of California Folk and Square Dancers, Square Steppers of Oakland, Chamarita Group of Washington Township, and the hosts, the Irvington Promenaders.

The second performance of the Rodeo at Hidden Valley Ranch will be staged at 2 p.m.

The final performance of the pageant will be given at 8 p.m. Sunday and the celebration will be closed with dancing to begin at 10 p.m.

Beat the Boys and the Birds to the Cherries

—Photo courtesy Ball Bros. Co.

"Cherries are ripe!" When that little schoolroom song is in season, get busy in your kitchen! The robins, or other two-legged depredators answering to such names as "Butch" and "Porky", may consume the luscious crop of the old cherry tree before you can say, "NEXT WINTER'S PIES!"

To can cherries by the cold pack method, wash and stem them. Pit or leave whole, but prick whole ones with a needle. Pack into hot jars. Cover sour cherries with boiling sirup made of one part sugar and one part water or cherry juice. Cover sweet cherries with sirup containing one-half to one part sugar and one part liquid. Process 20 minutes in hot water bath.

The hot pack method calls for one-half to one cup sugar to each quart of pitted cherries. Add the sugar to the cherries and let stand one to two hours. Simmer 10 minutes, then pack into hot jars and process 10 minutes in hot water bath.

These directions are taken from the famous Ball Blue Book of home canning methods and recipes. If cherry pies, tarts and cobblers made from home-grown cherries won't satisfy your family's craving for this piquant summertime fruit, put up cherry jelly, pickled cherries, cherry preserves, Maraschino cherries, and conserves combining cherries with pineapple, raspberries, etc. Canned Bing cherries are delicious to eat as dessert or in salads. You'll never lack for princely meals with cherries in your closet of canned foods.

RAIN HAMPERS LEAGUE OPENING

The opening of league play in the Washington Township Softball Association got off to a bad start this week with two of the scheduled contests postponed because of wet grounds and a third called in the fourth inning because of rain.

In the opening event Monday evening Frick's downed the Morton Salt aggregation by the score of 5 to 1. The Mission San Jose Firemen-Kraftile game was called in the fourth inning because of rain, resulting in a no-contest ruling.

The Kleine-Westvaco and Central Chevrolet-Native Sons, twin games scheduled for Tuesday evening, were postponed because the diamond was still too wet for play after Monday evening's half-inch rain.

SESQUI BRIEFS

The bleachers which have been erected at the pageant amphitheater have a total seating capacity of 2,300.

Boy Scouts of all the troops in the township will assist at the Sesqui by taking up tickets, handing out programs, ushering, and acting as guides for the many visitors expected.

Tickets for the reserve section of the bleachers for each of the three performances of the historical pageant may be obtained throughout the celebration at the Sesqui office east of the fire station.

At the last tabulation the cast of the pageant includes some 260 persons.

Tom Wauhab, 92, who will be riding horseback in the parade Saturday, also rode in the parade and served as Grand Marshal for the Centennial celebration 50 years ago.

Ample car parking facilities have been provided for a capacity crowd, thus eliminating the ever-present problem of wondering just how far the driver is going to have to walk after letting out the family and hunting a place to park.

For the spectators who wish to make an entire day of it at the Sesqui grounds arrangements have been completed for meals of barbecued beef and beans to be served throughout the entire three days.

HUSKIES CLOSE TRACK SEASON

The Washington Union High School Huskies failed to make much of a showing at the annual S.C.V.A.L. track and field meet at Fremont High oval in Sunnyvale last Friday.

Only Huskies able to grab points in the varsity division were Alameda, who placed third in the mile and Correia, who tied for fifth, allowing the Huskies but 3½ points.

In the class B contests Washington placed fourth with a score of 34½ points. The Class C contestants of Coach Jud Taylor compiled 13 1-3 points for sixth place.

Thirteen members of the Huskie squad competed in the final events.

TWENTY YEARS AGO...

(From the 1927 Files of The Township Register)

The stork was busy at the Silva Maternity Home bringing Winifred Dias, Rosemary McDonald, Charlotte Louise Lewis and Howard George Souza.

The corner of First and I streets, Niles, was purchased by the Alameda County Bank with the announcement that a new one-story building would be erected there soon.

The price of cherries was 8c per pound. This amount, said Joseph Soito of Decoto, was agreeable to the growers.

TAX EXEMPT STATUS: In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax Laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Bureau of Internal Revenue, or by the decision of any Federal Court, the successful bidder may, at his option, prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

The bonds will be awarded to the highest and best bidder considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from August 1, 1947, to the respective maturity dates of the bonds at the coupon rate or rates specified in the bid and the award will be made on the basis of the lowest net interest cost to the District. Said Board of Supervisors reserves the right, in its discretion, to reject any and all bids and to waive any irregularity or informality in any bid.

The cost of printing the bonds will be borne by the District.

All bids must be unconditional, for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of Alameda County, State of California, and endorsed "Proposal for 1947 School Bonds of Niles School District of Alameda County." In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District. Checks of the unsuccessful bidders will be returned upon the award of the bonds. No interest will be paid upon the deposit made by the successful bidder.

Location and Data Concerning Above Parcels to be Sold at Auction June 23, 1947

The above numbered 38 lots are each 25 by 95 feet in size and are in a level, undeveloped subdivision known as Harriman Park which is located in the southern part of Alameda County, approximately 30 miles southeast of Oakland and halfway between the towns of Centerville and Newark.

This tract may be reached from Centerville via Central Avenue to Cedar Road, left to Smith Avenue, right on Smith to about midway between Cedar and Birch Roads. It lies about opposite No. 137 Smith Avenue being partially bounded on the west by Smith Avenue and on the east by Moores Avenue, forming an "L" shaped area. In this tract, Harrison, Cleveland, McKinley, Roosevelt and Taft Streets show on the map but are not cut through, making the lots difficult to locate without a map. A map may be seen in the office of the County Assessor or of the Tax Collector.

If the present contemplated right of way is used by the State of California, these lots will be close to the proposed route of the new Oakland to San Jose Freeway.

Parcels No. 3, 4, 11, 17, 19, 22 and 27 each consist of two adjoining lots and are 50 by 95 feet in size. Minimum price $22.00 each.

Parcels No. 16 and 21 each consist of three adjoining lots and are 75 by 95 feet in size. Minimum price $33.00 each.

The remaining parcels are each 25 by 95 feet in size and will be sold as single lots. Minimum price $11.00 each.

IMPORTANT NOTICE

Properties are sold subject to certain liens, if any, such as street, sewer, lighting or other special assessment. Purchaser receives tax title which in most cases will not be passed by a Title Company until tested in a court action to quiet title.

Property will be sold at public auction to the highest bidder for the **full amount of his bid tendered,** immediately, (as each parcel is sold).

Publish May 30, June 6 and June 13, 1947.

Memorial Day

On Memorial Day the Nation's heart will beat for its war dead, and the Nation's mind will dwell on the deeds and sacrifices of those who, in the words of an American patriot, "made their breasts a barricade between our country and its foes."

There is no Nation on earth that at some appointed day of the year does not honor, each in its own way, the sons who made the supreme sacrifice. Sorrow knows no Iron Curtain; tragedy, no creed; regret, no boundary lines.

But Americans died by the hundreds of thousands in the last war, the war before that, and in every war in the Nation's history, for a singleness of purpose that marks their sacrifice apart, and fortifies the hearts of all who grieve. That singleness of purpose always has been—and always will be—the preservation of human liberty.

It was exactly so in the Revolutionary War, the War of 1812, the Civil War, the War with Spain, and in both World Wars. Americans fought and died believing that liberty was worth fighting and dying for; no lesser ideal would have commanded their unfaltering steps.

Cynics might say they died in vain; that the goal is not worth the struggle; that whisperings of war to come prove the futility of it all, and that, at home, Democracy is still beleaguered by forces which would tear down the house that liberty built and erect a new and soulless structure.

Let the cynics talk! This Nation has endured, and will continue to endure, because men are willing to defend its principles with their very lives if need be. And never have the faint heart outnumbered the strong when the test arrived.

On this Memorial Day, every prayer for the dead will contain the fervent hope that the last great test was REALLY the last great test; that men of all Nations may soon tread a common path leading toward a common goal of freedom and understanding and peace.

Gangsterism Comes to California

As an underworld character stepped from a store to the sidewalk in busy Los Angeles recently, a "gunsel" pumped three bullets into his body and sped away in a big sedan. In San Francisco, a few days earlier, in a flashy car parked on a quiet residential street, the corpse of a former Capone mobster was found stuffed in the trunk.. Gangsterism has arrived in California.

The Golden State has never been blue nosed or stuffy. Proud of its glamorous reputation, California has long had a carefree tolerance for gay revelry—a tradition that stems from a colorful early history when fortunes were made and lost on the turn of a card, and when the mere coming to California was a great gamble in itself.

But the difference between traditional California tolerance and the new imported gangsterism is the difference between a church benefit bingo game and the vicious numbers racket.

Public apathy in Chicago, where racketeering reached its zenith, permitted its evil growth with frustrated quiescence. That must not happen here. If the infiltration of gangsterism is to be halted in California, an outraged and awakened public must see to it that law and order is vigorously maintained by those charged with the responsibility of enforcement and prevention. Apathy won't do.

A WESTERNER IN WASHINGTON

By ALLEN DRURY

REPUBLICANS ON THE SPOT

Senate Democrats are looking forward with ill-concealed glee to the time when the 1948 Interior Department appropriations bill reaches the floor.

At that point, they anticipate, they are going to be able to put Western Republicans squarely on the spot.

The Democrats are basing their strategy on the fact that the House trimmed the Interior budget drastically and that the Senate, even though it will be more generous, is not going to restore the full budget figures requested by the President.

This is ready-made for some good old-fashioned political needling, at which the Democrats are past masters. It is one of those classically simple situations which sometimes develop in politics, where one party blindly sets a trap for itself and then blunders headlong into it. The other party always has a good time.

What the Democrats plan to do is offer a series of amendments restoring the bill to the full limit sought by the President.

This will be the culmination of a strategy whose first step consisted of raising a terrific uproar in the West concerning the House action. This the House largely deserved. It had left itself wide open to criticism, much of it warranted, and not all the desperate explaining which has been done since has been able to remove the sting of it.

The next step in the Democratic strategy was to go before the Senate Appropriations Committee and urge restoration of the House cuts with additional increases to meet the President's figures.

The third step in the strategy will be for the Democrats to offer a series of amendments—demanding a roll-call vote on each—to restore the appropriations to the Truman level.

This will put a good many Western Republicans in an interesting position with their people. Most of them are willing to settle for the reasonably generous increases which the Senate committee is expected to add to the bill. These will consist of somewhere in the neighborhood of $33,000,000 for the general fund and moderate down-the-line increases for major projects.

Aware of the temper of the House—which has to be satisfied all over again when the bill goes to conference for the settlement of differences—most Western Republicans are inclined to take the Senate increases and feel thankful to get them.

The last thing they want to start is an all-out fight for more which might have the end result of antagonizing the House conferees and making them adamant in their opposition to increases.

And they also have no desire to be put on record as voting against the amendments the Democrats will offer, now that the Democrats have told the West that only by restoring the full amounts requested by the President can the reclamation program go forward.

It is this situation which makes such Pacific Coast Republicans as Washington's Harry P. Cain, California's William F. Knowland and Oregon's Guy Cordon await with some distaste the day when they will be called upon to cast their votes.

Being practical men they will probably stand firm and cast them against the Democrats' amendments, since they know the Senate is going to give them all they can legitimately or possibly expact.

At the same time, however, they will know that the West is going to echo with renewed charges that Republicans have let reclamation down.

It makes the Democrats very happy.

SPORTSMEN ASKED TO PREVENT FIRES

The extreme lack of rainfall this year promises dire results for California unless extra precautions are taken by visitors and local residents in and around our forests, the Associated Sportsmen of California warned this week.

Man-caused forest fires are among the worst destroyers of natural resources and are far more prevalent than any started from natural causes, such as lightning or spontaneous combustion.

A publicity campaign by a committee called together by Governor Earl Warren has opened in the public schools. School children are invited to participate in a slogan contest containing the word "California" calling attention to the need to stop forest fires. Winners will receive a vacation trip to Yosemite.

In addition the Associated Sportsmen are placing fire warning placards and cooperating with the state and national forest services in an effort to make the public fire conscious.

However, no matter how careful the majority may be, there are irresponsible individuals who invariably fail to heed all warnings. It is up to the sportsmen and recreationists to stay particularly alert this year in order to prevent those semi-criminals from destroying watersheds and wildlife.

JUNIOR LEAGUERS LOSE IN OPENER

The Washington Township American Legion Junior League baseball team suffered a defeat at the hands of the Hayward nine last Sunday on the Bret Harte diamond in the first league encounter of the season.

Coach Hird's squad went into the seventh inning leading but a rally by the Haywardites, starting off with a home-run clout by Pitcher Castro, moved them into top spot. The game was called because of a time limit in the eighth.

Irving Alameda, hurler for Washington, whiffed three batters while Castro sent seven batters back to the dugout via the strike-out route.

Salvador, Washington center fielder, led his team in hitting, getting two hits for three trips to the plate.

Saturday Coach Hird's squad will meet Piedmont on the Washington diamond and Sunday they will journey to Berkeley for an encounter with the league team there.

The box score for Sunday's game:

FARM NEWS
AGRICULTURAL EXTENSION SERVICE

KEEPING THE FARM IN THE FAMILY

Thousands of loyal farmers who carried on while their sons were fighting the war now wish to retire and transfer their farms to younger hands. These retiring farmers want to be fair, both to the son who takes over and to his brothers and sisters who will share in his estate. Also he wants to insure economic security for himself and his wife during their declining years.

Farm Advisor T. O. Morrison offers some suggestions from Arthur Shultis, specialist in farm management of the Agricultural Extension Service. Satisfactory farm transfers within families are not easily achieved. One factor to be considered is that mortgage debt is low and the equities to be transferred average high, so it is not so much a question of the son taking over a burdensome mortgage to settle with his brothers and sisters. The problem just now is further complicated by a boom in farm prices.

Only too often in the United States, Shultis says, a farm has to buy itself all over again in each generation. Under our customs the farm is likely to be sold or broken up to satisfy the claims of heirs. If it is held as a unit and farmed by a son, there is likely to be a process of soil mining to pay off brothers and sisters who have moved to town. In countries where it is customary for one of the children to inherit the farm, the parents have fewer problems of security in old age. They stay on the farm, retaining ownership until death, but the child does the farming with secure prospects of benefitting from his skill, labor and improvements made on the farm.

Shultis points out that today's swift-moving events demand that farm property arrangements . . . the institutional basis of American agriculture . . . be kept sound and continuous. The action is demanded by the future welfare of the family, the farm and the rural community.

JUNE — DAIRY MONTH

Dairying is a long-time activity, and for best results dairymen need to plan their operations a long time ahead. Farm Advisor T. O. Morrison suggests dairy farmers of Alameda County give some serious thought to long-time planning during June—Dairy Month.

One of the important factors affecting dairy production is feed. Cows need an adequate amount of good feed at all times to enable them to produce up to their inherited ability. They should be included in the long-time planning for improvement on dairy farms.

Permanent irrigated pastures have developed rapidly in California and have aided greatly in providing satisfactory feeds. For summer pastures, the farm advisor suggests Sudan grass, which provides feed of excellent quality. Winter pastures can be provided by planting oats and vetch in September or early October with irrigation. In this way pastures are often ready by Christmas, and may provide a hay or silage crop later on. Oats and vetch with natural rainfall provides later hay and silage in many sections.

In order to get the most out of pastures, it is important to practice good pasture management. Many times pasture yields can be greatly increased by proper fertilization and by proper rotation in handling.
